

adva consult develops its international offer

At adva consult, we want more than ever to develop our support in your international HR projects.

We are therefore proud to announce that we have established a partnership with Global Executive Search, the network of recruitment specialists. With them, we now have a foothold on all continents.

For Belgian companies, this allows them to count on us to participate in their development abroad. For foreign companies, this is the guarantee of having in Belgium a partner of choice for the management of their human resources (recruitments, HR consulting, evaluations, etc.).

In Belgium and abroad, adva consult remains positioned as the specialized partner for industry, construction and high technology.

A question? An advice? Feel free to contact me!

I would be happy to discuss it with you.
